Congressman Ron Paul's new district office in Brazoria County is now open for business. Constituents needing help with federal agencies like the Social Security Administration, Veterans Administration, and the Internal Revenue Service are welcome to contact the office staff for assistance. The district office also provides constituents with an opportunity to meet Congressman Paul and discuss federal issues with him.

"I'm pleased to invite constituents from the eastern part of the 14th congressional district to call or stop by our new office," Paul stated. "Our goal in choosing Lake Jackson was to make constituent services available to people in Chambers, Galveston, Fort Bend, Brazoria, Matagorda, and Wharton counties. My veteran staff aims to provide the same top- notch service it always has. I look forward to meeting both new and existing constituents in Lake Jackson."
