

HON. RON PAUL OF TEXAS Statement on Immigration Agreement

I remain very skeptical about the idea of so-called comprehensive immigration reform and the Senate compromise now being discussed. I will oppose any legislation that in any way, shape, or form grants amnesty to the millions of people who are in this country illegally. I have advocated that we should tighten citizenship requirements, and I still believe that. Moreover, the argument that we need to start a guest worker program is simply a shell game, we already have a generous guest worker program that the American people support. Support for such a program should not be used as a back door to amnesty for illegals.
